PROFESSIONAL PROFILE

Data-driven digital marketing specialist with a B.Sc. in Computer Science, Microsoft Certified Power BI Data Analyst (PL-300), Google Data Analytics certified, and IBM Certified AI Engineer. Strong in tracking and analyzing marketing KPIs, building performance dashboards, and turning campaign and customer data into clear decisions that improve results and reduce wasted spend. Proficient in Power BI, SQL, Python, and advanced Excel, with hands-on experience in data cleaning and validation for accurate reporting. Creates AI-generated video ads with Google Flow and is comfortable across digital advertising platforms (Meta, Snapchat, TikTok, Google). Skilled at presenting insights to non-technical stakeholders and management.

TECHNICAL SKILLS

Marketing & Performance Analytics

KPI Monitoring, Campaign Performance Analysis (ROAS, CPA, CTR, Conversion Rate), Customer Segmentation, Forecasting, Anomaly Detection, Data Quality & Validation, Executive & Management Reporting, Automated Reporting

Analytics & BI

Power BI, Excel (Advanced), DAX, Power Query, Tableau, Data Modeling, Data Visualization, KPI Development, Dashboard Design, ETL Pipelines

Programming & Data Science

Python, SQL, Pandas, NumPy, Statistical Analysis, Data Cleaning, Feature Engineering, Jupyter Notebook, Streamlit, REST APIs

Machine Learning & Predictive Analytics

Predictive Modeling, Supervised Learning & Classification, Scikit-learn, TensorFlow, PyTorch, Deep Learning

E-commerce & Digital Marketing

Salla, Dropshipping, Product Research, Ad Copywriting, Social Media Advertising, Store Setup & Optimization, Brand Identity & Visual Design, AI Video Ads (Google Flow)

AI & Automation

Generative AI, Prompt Engineering, AI Workflow Automation, NLP, LLMs, RAG Systems, Agentic AI, LangChain, ChatGPT, Claude Code, Cursor, Copilot

Databases & Cloud

SQL Server, MySQL, PostgreSQL, Microsoft Azure (DP-900), AWS, Git, GitHub

KEY PROJECTS

Salla Dropshipping Store, E-commerce Store Launch & Paid Advertising

06/2026

Built and launched a complete dropshipping store on Salla from scratch in 14 days, covering store setup (domain, payment gateways, shipping), visual identity and UX/UI, product and supplier research, ad copywriting, and paid social media campaigns. Tracked ROAS and Conversion Rate to optimize campaigns, increase sales, and reduce acquisition cost.

TikTok Product Ads, AI-Generated Video Ads, Google Flow

09/2026 – 10/2026

Created short-form product ads for TikTok using Google Flow, with prompts and scenes designed to capture attention in the first seconds.

Brand Ad & Company Introduction Video, 3M4 Media, Google Flow

07/2026 – 08/2026

Created a self-initiated marketing video introducing 3M4 Media and its services, produced as a gift to the company's owners for use on social media.

SafeWatch, AI Surveillance Project Promo Video, Google Flow

06/2026 – 08/2026

Produced a promotional video presenting SafeWatch, a team-built AI system (Python, TensorFlow, Streamlit) that detects 8 human actions in real time and sends instant email alerts when fighting is detected.

CropMind, AI Smart Agriculture Platform Promo Video, Google Flow

09/2026

Produced a promotional video presenting CropMind, an AI agriculture platform I helped build, with 7 AI agents, 4 ML/DL models, and 94% classification accuracy across 23 classes.

Retail Analytics AI Platform, Customer & Sales Analytics

01/2026 – 02/2026

Developed an end-to-end analytics platform for demand forecasting, customer segmentation, and sales performance analysis using ML models. Built automated data pipelines and interactive Power BI dashboards that turn sales and customer data into actionable insights for business decisions.

Saudi Tourism Intelligence, BI Platform

03/2026 – 04/2026

Analyzed large-scale tourism datasets using statistical modeling and ML to identify consumer behavior trends. Built automated ETL pipelines and interactive Power BI dashboards for KPI monitoring, delivering structured data-driven recommendations to support business decisions.

WORK EXPERIENCE

Data & Marketing Analyst, 3M4Media

04/2021 – 10/2023 | Tanta, Egypt

- Analyzed large-scale marketing campaign performance data across MENA markets, applying statistical analysis and ML techniques to identify trends and turn them into actionable insights for campaign optimization.
- Built and maintained KPI dashboards and automated reporting in Power BI and Excel, delivering data-driven recommendations to senior management.
- Cleaned, validated, and transformed complex datasets from multiple sources to ensure accurate, consistent, and reliable reporting.
- Automated analytical and reporting workflows with AI tools, improving data processing efficiency.
- Translated complex findings into clear visualizations and structured reports for non-technical stakeholders.

EDUCATION

Specialized Diploma in Applied AI & Data Analysis, Military Technical College (MTC) & MCIT

12/2025 – 09/2026 | Cairo, Egypt

Intensive 9-month specialized program (1,330 hours) covering Machine Learning, Deep Learning, Agentic AI, NLP, Data Mining, Statistics, Microsoft Azure, and AI Tools — with 220 hours of hands-on practical training building end-to-end ML pipelines, scalable AI systems, and production-ready data solutions.
